A Call to Teach and Preach

Greetings RTM friends. A lot has happened with Reformed Truther Ministries over the past six months. This summer saw the purpose, work, and emphasis of the ministry shift dramatically. The shift began with an invitation for Joe Harper to do a radio show for the Foundations in Faith radio network. Joe Harper began to produce audio messages that were biblical teachings. The Lord used the work of producing these messages to convince Joe Harper that his work should be to teach the word of God. This call was solidified by June when Joe Harper put out a YouTube video titled A Call to Teach and Preach on the RTM YouTube channel. As a result, Joe Harper has laid down his out in the field Nephilim and cryptid research in order to focus on teaching the full breadth of the word of God. Since changing the emphasis of the ministry, Joe Harper has gone through two series on the RTM YouTube channel. The first series is on the sovereignty of God and the second series is on Christian revivals. Reformed Truther Ministries is working to teach on a number of biblical topics including reformed theology, postmillennial eschatology, biblical cosmology, the Nephilim, and the divine council worldview. Although the Nephilim is no longer the main focus of the ministry, the older material on this subject is still available to watch on the RTM YouTube channel.

Foundations in Faith Radio

Reformed Truther Ministries is pleased to be apart of the Foundations in Faith radio network. Joe Harper is collaborating with George Hobbs in the work of Foundations in Faith radio. The show Reformed Truther Ministries is aired on Foundations in Faith each Friday at 1 pm eastern time. The RTM radio show has been walking through the book of Genesis. This material is separate from the main weekly RTM video put out on the RTM YouTube channel. The show has covered a number of biblical topics including biblical cosmology, the Nephilim, and the divine council. These audios are then posted each week on the RTM YouTube channel after they are aired on Foundations in Faith radio. To learn more about Foundations in Faith, please check out the website at https://www.foundationsinfaith.net/radio.

RTM New Logo and Website Changes

Reformed Truther Ministries has changed its logo to reflect the new Bible teaching emphasis of the ministry. Work is also being done to update the website to bring it into alignment with the work of the ministry. These website changes include expanding and updating the list of recommended books found on the website. Reformed Truther Ministries desires to recommend good books to read on all of the various subjects taught by the ministry.

RTM Confession and Christian Ministry Declaration

Reformed Truther Ministries welcomes its readers to read the RTM Confession of Faith and the document titled the Christian Liberty Declaration. These two documents have been written by Joe Harper. These documents are helpful for understanding the theology, work, and goals of Reformed Truther Ministries. Joe Harper has worked to update and refine both of these documents over the last six months. Both of these documents are available to read at https://www.reformedtruther.com/blog.
